In the article published in the June–July 2007 issue titled "Meningioma of the Mandible: Imaging with CT" (Mussak EN, Holodny AI, Karimi S. *AJNR Am J Neuroradiol* 2007;28:1157–59), the authors deeply regret the inadvertent omission of Dr. Diane L. Carlson's name from the authors' list due to submission of incorrect files. Dr. Carlson's contribution to the manuscript, particularly in terms of pathologic discussion and imaging, was most significant and this work would have never been accomplished without her help.
