Title: *Lynx Rufus*. Although not as rare as the Florida panther, Florida bobcats are still both elusive and beautiful. This one was eyeing a migrating merganser when I walked out the back door of my office in Bradenton, Florida! I barely had time to click a shutter before it was gone . . . vanished into the undergrowth. Lucky shot! Dedicated to Alisa Gean, MD, Catwoman.

John H. Rees, Chief, Neuroradiology, Partners Imaging Center, Bradenton, Florida
